# Introduction

**Join us on an unmissable spiritual journey that will benefit you in this dunya and the akhirah. This pack will provide you with all the information you need about the trip.**

## The Retreat

Take a breather and **indulge your soul in a spiritual retreat and hiking challenge**, at the spectacular location of **Majorca, Spain**. The agenda includes discussions of three focal topics crucial to the steadfastness of the believer: **certainty in Allah (swt), understanding His names, and increasing our gratitude & patience**.

In addition to this spiritual experience, we have also arranged two hiking tours to challenge your body and allow you to witness the beautiful scenery of Majorca.

The primary purpose of this hiking challenge is to **save lives by providing clean water to those in need**. You will have the opportunity to support thousands of families by helping us construct a borehole for a community in need. This is a truly **amazing Sadaqah Jariyah project** to undertake on behalf of yourself or a loved one.

## Ustadha Hiba Mohammed

Ustadha Hiba has **studied Qur'an and tafseer at KIU university**, under the guidance of an array of scholars from Saudi Arabia. Hiba has also gained a great deal of experience in **teaching Qur'an and Islamic Studies** at her local mosque and Islamic institutions. She also has a **degree in Biomedical Sciences and is currently working in this field at Medina**. Hiba is a hardworking, dedicated upcoming Islamic lecturer, who is **passionate about tawhid, tafseer and womens' rights**.

**If you have any questions, please contact us at [muslimhands.org.uk/events](https://muslimhands.org.uk/events) or call us on 0115 911 7222.**

# About Muslim Hands

**In 1993, a community in Nottingham, moved by the devastation of the Bosnian war, sprang into action and began collecting money, clothes and medicine for the people of Bosnia.**

Muslim Hands, an **international aid agency and NGO**, grew from this grassroots movement. Since these first efforts, we have responded to countless **emergencies**, as well as establishing **long-term projects such as schools, healthcare clinics and livelihood programmes worldwide.**

We are working in over **50 countries** and have field offices in over 30 of these. By working closely with our partners and offices on the ground, we are able to **distribute aid in an effective, efficient, transparent and wholly accountable manner** and to make a lasting difference to the communities we work with.

## Our Donation Policy

At Muslim Hands, we deliver your donations in an efficient and wholly accountable way.

Transparency is important to you and to us. We do everything we can to reduce the costs of delivering our projects so that **at least 90% of your donation will benefit needy communities directly.**

**90p\***  
is used for relief and development work

**0p\***  
of your donation is spent on admin

**10p\***  
is used to generate further funds

\*Based on 2018 data, 2019 expected to be similar

**Muslim Hands distribute aid in an effective, efficient, transparent and wholly accountable manner. At least 90% of your donation will benefit needy communities directly.**

# Building A Borehole

**The Messenger  
of Allah (saw) was asked,  
'Which charity is best?'**  
He replied,  
'[Providing] water'.

[Abu Dawud]

**The purpose of this retreat is to help bring water to those in need. The reality is that 783 million people worldwide do not have access to clean water. With over 800,000 people dying from water-related illnesses each year, unsafe water is the single biggest obstacle to the progression and health of communities in the developing world.**

Muslim Hands works globally to provide people with access to clean water and sanitation. In Africa, water scarcity affects 1 in 3 people, forcing women and children to trek long distances to access water, often from contaminated sources. By donating to this cause, **you will be helping us provide a solution to this problem.**

**This retreat will target families in Africa, aiming to provide thousands with access to clean water through constructing a borehole** in the area which needs it most.

**Unsafe water is the single biggest obstacle to the progression and health of communities in the developing world. The Messenger of Allah (saw) said providing safe water is the best charity [Abu Dawud].**
